

PROFESSIONAL SUMMARY

UX/UI designer with a background in architecture, project management, graphic design, and web design. Experienced in user research, information architecture, wireframing, prototyping, usability testing, responsive design, and design systems. Currently studying Web Development to understand better how digital products are built and to collaborate more effectively with developers. Interested in creating clear, accessible, and user-friendly digital experiences that solve real problems.

WORK EXPERIENCE

Graphic and Web Designer – Iter Innovandi, Remote, Canada

Aug 2024 – May 2025

- Created wireframes, UI kits, design systems, and high-fidelity mock-ups for web design projects.
- Designed responsive interfaces focused on usability, visual consistency, and business requirements.
- Created digital and social media assets using Figma and Adobe Creative Suite.

Architect and Graphic Designer – Freelance, Thailand

Jun 2020 – Dec 2023

- Worked with clients to understand their needs and turn their ideas into practical design solutions.
- Created branding materials, including logos, signage, presentations, and video content.
- Designed residential projects, including space planning, construction drawings, and design research.

Project Design Manager – King Chulalongkorn Memorial Hospital, Bangkok, Thailand

Aug 2018 – Jul 2023

- Managed multidisciplinary design projects from initial planning through implementation.
- Coordinated with medical staff, engineers, suppliers, and contractors to meet user needs and project requirements.
- Managed project schedules, budgets, documentation, and quality while communicating technical information to different stakeholders.

SELECTED PROJECTS

7VAN Brazilian Jiu-Jitsu Academy Website – Role: UX/UI Designer

- Collaborated with a team to redesign a responsive website for a Brazilian Jiu-Jitsu academy in Vancouver.
- Contributed to user research, information architecture, user flows, wireframes, prototyping, and usability testing.
- Improved the design based on client and user feedback, resulting in the Best UI/UX Project Award, selected by the client and a professional panel.

IPPON Karate Community App – Role: UX/UI Designer

- Designed a mobile community app that helps karate practitioners connect, share content, and stay motivated.
- Conducted user research and translated the findings into user flows, wireframes, and interface features.
- Created a reusable UI system and interactive prototype, then refined the design through usability testing.

COVID-19 ICU Monitoring System— Role: Project Manager

- Managed the development of a real-time system for monitoring temperature, air pressure, and humidity in hospital negative-pressure rooms.
- Worked with medical staff and engineers to understand technical requirements and create a practical interface for non-technical users.
- Helped organize complex data into a clear interface that allowed staff to monitor room conditions without entering patient rooms unnecessarily.

EDUCATION

Web Development Diploma – CICC, Vancouver, BC, Canada

Jan 2026 – Dec 2027

- Studying responsive web development, JavaScript, React, Next.js, databases, and collaborative development workflows.

UI/UX Designer Advanced Diploma – CICC, Vancouver, BC, Canada

Sep 2023 – Sep 2025

- Studied user research, interaction design, information architecture, design evaluation, prototyping, analytics, design sprints, and product management.
- **Award:** Best UI/UX Project Award for the 7VAN website, selected by the client and a professional panel.

Master of Architecture – Chulalongkorn University, Bangkok, Thailand

Aug 2017 – Jun 2018

- **Focus:** Project Management

Bachelor of Architecture – Chulalongkorn University, Bangkok, Thailand

May 2012 – Jun 2017

- **Award:** Second Class Honors

SKILLS

- **UX and Interaction Design:** User Research, Interaction Design, Information Architecture, User Flows, Journey Mapping, Wireframing, Prototyping, Usability Testing, Responsive Design, UI Design, Design Systems, Data Visualization
- **Web Development:** HTML, CSS, SCSS, JavaScript, TypeScript, React, Next.js, Astro, Tailwind CSS, Git, GitHub
- **Collaboration and Project Management:** Stakeholder Communication, Requirements Gathering, Design Presentations, Cross-functional Collaboration, Project Planning, Scheduling, Budget Coordination, Quality Control
- **Tools:** Figma, FigJam, Adobe Illustrator, Adobe Photoshop, Webflow, WordPress, Framer, Canva, Notion, Microsoft Office, AutoCAD, Autodesk Revit

CERTIFICATIONS

- **Human-Computer Interaction: The Foundations of UX Design**, IXDF – Interaction Design Foundation (May 2025)
- **Interaction Design for Usability**, IXDF – Interaction Design Foundation (April 2025)
- **Mobile UI Design**, IXDF – Interaction Design Foundation (March 2025)
- **Gamification - How to Create Engaging User Experiences**, IXDF – Interaction Design Foundation (February 2025)
- **Licensed Associate Architect**, Architect Council of Thailand (March 2018)
